KUALA LUMPUR and LONDON

## KUALA LUMPUR EXPERIENCE

Located at the heart of Kuala Lumpur's golden triangle and commercial hub, Bostonweb College offers a true metropolitan working experience, by giving its students an opportunity to study side by side with the working class. This will ensure they are accustomed with the hustle and bustle of the working environment.

Kuala Lumpur is a dynamic and exciting place to be, full of history and culture. It has many outstanding buildings and places to visit, including the world's tallest Petronas Twin Towers and Kuala Lumpur Tower, to name just a few, as well as many parks, museums, aquariums, shopping malls and art galleries. The Capital also has extensive world class National Library, learned societies, professionals and eating places from every part of the world.

## ENGLISH PROGRAMS

Oxford Centre for English Language (OCEL) Asia-Pacific is situated at the heart of Kuala Lumpur. We strive to go beyond by delivering practical and well structured English training courses to students and professionals to enhance their linguistic and communication skills under the supervision of our experienced teachers.

It is important that students who come from countries where English is a second dialect, have a basic knowledge of the writing, speaking, listening and reading aspects of the language. It enables them to achieve a higher level of English through the English for Higher Studies Program (EHS).
